

## How Much Does College Cost?

**Directions:** Look over the ND Estimated On-Campus Budgets for Resident Dependent Students information in the *Career Outlook*, page 63. The estimated totals are given per year. (Be sure to look at the footnotes for more information.)

Choose four North Dakota schools to use for your cost comparison. Try to include 2 and 4-year options. For one of the 4-year options include a transfer option, starting with generals at a 2-year school and transferring to a 4-year school.

| <b>Costs</b>              | <b>School 1</b> | <b>School 2</b> | <b>School 3</b> | <b>School 4</b> |
|---------------------------|-----------------|-----------------|-----------------|-----------------|
| <b>Tuition and Fees</b>   |                 |                 |                 |                 |
| <b>Books and Supplies</b> |                 |                 |                 |                 |
| <b>Room and Board</b>     |                 |                 |                 |                 |
| Other                     |                 |                 |                 |                 |
| Other                     |                 |                 |                 |                 |
| Other                     |                 |                 |                 |                 |
| <b>Total</b>              |                 |                 |                 |                 |
